

EFG's Vocabulary and Matching Work

The screenshot shows the EFG website interface. At the top, there is a search bar with the text "Find films, photos and texts from the collections of Europe's film archives" and a "Search" button. Below the search bar, there are several sections: "About the European Film Gateway", "New images on EFG" with a carousel of film stills, "News" with a list of recent updates, "Popular items" with a list of top videos, and "Video of the day" featuring "Eine moderne Ehe". At the bottom, there are navigation links and logos for Europeana and the European Union.

45 controlled vocabularies

- harmonise heterogeneous and multilingual source metadata (values) collected in EFG
- display values coherently in EFG and Europeana portal
 - ✓ vocabularies established for end users (public)
- express archival data consistently and contextualise them in a reference model
 - ✓ EFG schema: ER model with subject predicate object triples
- compiled value lists for attributes & semantic relationships
- assigned vocabularies with elements of EFG schema (textual documentation)
- translated into 13 European languages
- public version available on EFG project website:
 - ✓ www.europeanfilmgateway.eu/guidelines_and_standards.php

Vampyr

Other title(s): Vampyr (L'etrange aventure de David Gray)
Allan Grays sælsomme hændelser
Vampyr (Die seltsame Geschichte des Allan Gray)

Genre: Feature film

Country: DE
FR

Year: 1932

Runtime: 75 min

Description: En ung mand, Allan Gray, ankommer til en kro ude på landet. Samme aften får han besøg af en ukendt mand, der beder ham om at hjælpe med at frelse en ung pige, der er i fare. Hun viser sig senere at være den ukendte mands datter. Kort efter bliver den ukendte mand, der bor på et stort gods, myrdet, og den unge mand må selv prøve at komme den unge pige til undsætning. Derfor giver han blod til en transfusion, forhindrer den syge kvinde i at tage gift, befrier hendes søster, der er bundet til en seng, og drager til sidst bort med hende. Desuden er det lykkedes ham at standse den forbandelse, der hvilede over egnen, ved sammen med tjeneren at drive en jernpæl gennem en gammel kvindelig vampyr's hjerte. Derefter sørger tjeneren for, at hendes medskyldige, lægen, bliver kvalt - i mel (fra "Carl Th. Dreyer født Nilsson" af Martin Drouzy, 1982).

A young man, Allan Gray, arrives at a countryside inn. At the very same evening an unknown man pays him a visit and asks him for help to save a young girl who is in great danger. As it turns out the girl is the unknown man's sister. Shortly after the visit the unknown man - resident at a great manor - is murdered, and Allan Gray has to come to the young girls rescue all alone. He gives blood to a transfusion, prevents the sick woman from taking poison, sets her sister who is tied to a bed free, and finally sets out with her. Furthermore he has succeeded in putting an end to the curse that has been upon the locality; together with the servant he has driven an iron pile into the heart of an old female vampire. The servant makes sure that her accomplice, the doctor, suffocates - in flour.

EFG ingestion workflow with all cataloguing activities

Achievements

- Compiled film-relevant controlled vocabularies in 13 languages
 - Require further refinements for needs of filmographers
- Harmonised statements that can usually be found in filmographic databases (e.g. persons, film works, corporations)
- Contextualised film archival data through semantic relationships (esp. cast & credits, events, etc.)
- EFG vocabularies can be used in other contexts (available on: EFG project website)
- Harmonised heterogenous and multilingual source values in a common filmographic database (EFG XML records)
- Display values consistently in EFG and Europeana portal

Outlook: What could be done after EFG I?

Administrative

- Apply vocabulary management tool to update and maintain EFG vocabularies
- Represent EFG vocabularies in XML and link them to EFG metadata schema

EFG portal

- Provide vocabularies in different languages in EFG portal
- Exploit EFG vocabularies for the portal to satisfy user needs and apply them for a proper retrieval (media- and document-specific filters, categories as drop-downs in advanced search)
- Find solutions for subject indexing, esp. World War I → in possible EFG II project

Other uses

- Discuss EFG vocabularies among the film archival community
- Further develop vocabularies for needs of filmographers
